Yummy Shortbread!

Last Weekend the boarders who stayed made yummy shortbread on Saturday afternoon. It was vanilla flavoured and everyone had great fun making and eating the treats! Annie from year 8 said 'it was really fun making and eating the shortbread! It was my favourite flavour as well.' Many thanks to Miss Jones for creating and organising the event.

It's beginning to look a lot like Christmas!

Film Review: The Princess Switch

When posh Lady Margaret comes across Stacey, their lives change forever. Not knowing what the consequences will be the girls, who look like twins, swap places. Watch this film and enter a world of love, mystery and laughs. My favourite part is when Stacey and the prince visits the children at an orphanage and decide to give them a Merry Christmas. My least favourite part is when a person in the baking competition sabotages Stacey's blender trying to make sure she does not win.
