

peel weekly

edition #102 | November 2018

The PSA Annual Winter Fayre is being held next Saturday. Running from 10am—2pm in the Sports Hall, it is one that you should never miss. Especially if you haven't done any Christmas Shopping yet!

"Macbeth was fascinating. It was a visual representation of what we studied in class. The most interesting scene was the hallucination of Macbeth, as it highlighted what had happened to Macbeth after he killed King Duncan. Going to watch Macbeth was compelling but beyond the fun I had on the trip, the moral of the play also stuck with me as it helped me to understand there in never really a right in doing wrong and patience truly is a virtue."
 Tamara with a virtuous review of Macbeth, on at Theatre Royal this week.

Spook-tacular snaps of the helpers at halloween! Nurses, doctors and patients!

On 16th November (2 weeks time), the whole school will be on a collapsed curriculum day, doing activities off timetable with specific year group focused learning. A reminder then for Year 7 and 8 parents who have yet to send in consent slips, these must be in ASAP to secure places on the trips. The programme for everyone is on the right.

We had an awesome Halloween on Saturday night. Miss Cook organised an amazing 'Haunted Hospital' experience in Peel, with a hunt for the cause of death game, find the mislaid objects in the patients' stomach, and hunt the beheaded in the courtyard.

Students from all the houses came over to play, and we were told many times we were the best. 'Major Props' to Peel was the resounding statement. Apparently that's a good thing we hear...

Year	Programme
7	MFL Trip to Cinema City and the UEA (whole year group, all day)
8	Bletchley Park Trip OR Remainder on rotation in Technology Department
9	Matthew Project visit (whole year group, all day)
10	Wellbeing carousel (whole year group, all day)
11	Careers (periods 1-3) English revision (periods 4-5)

We have had our first BRONZE AWARD winners this week in Peel. Emily Holding and Josh Terzza have both reached the milestone of 250 points earned already this year. A massive well done to both of them for this achievement. Certificates to follow this week in assembly.

Our top achievers though this week are Hannah Booth (Year 7, +35), Liberty Ford (Year 8, +35), Felix Simonnet and Yinka Balogun (Year 9, +20), Eleanor Bailey-Tufts (Year 10, +20), and Tom Childs (Year 11, +30). Keep it up everyone, Mr Campbell says we are leading all the houses in points gained this year!

BRONZE
