

Peel Weekly

ISSUE #150

WELCOME

And so we hit Issue #150. Regular readers will know that with every 50 issues it means we have a rebranding and a refresh, so keep on the lookout for Issue #200 which should come out in Summer 2021. Don't worry though, we will still be including plenty of Peel praise for our students, assembly notices and general quirky happenings and goings on in Peel life.

PROFESSOR PEEL

The Professor joined the Year 13 Geography coursework trip last week to Iceland, and despite it being freezing cold everyday, managed to get out for another happy snap to add to the globetrotting collection. Where the Professor will be over half term we can only begin to guess...

PEEL POINTS

Very few points gatherers this week in Peel; perhaps Peel students only really earn points during Saturday school. However, in a very odd move our two bronze award winners this week, having now got +250 each, are Theo D, and remarkably another Theo D. Well done to both! 68 students have now earned at least a bronze award in house, so now only another 100 or so to go...

NETBALL

Two famous faces on display here with Amelia W, who plays netball for Norfolk, was selected to play in the Norfolk team at a county academy tournament in December in Hertfordshire, and who just so happened to be awarded the U13 Attacking player of the tournament prize.

And the other person is England netball player Sasha Corbin, who was thrilled to get a photo opportunity with such a talented young player. Massive amounts of Peel pride here for Amelia. Well done!

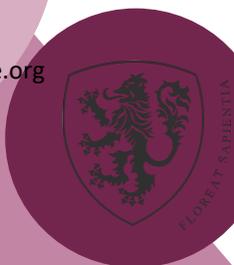

MR CAMPBELL

On the subject of Issue #150, there have been some significant changes in Peel, Wymondham College and the UK since the first issue of Peel Weekly. Our Peel Pioneers have flown the nest and no current student at the College will remember our origins as a Year 7 house. The College has seen 2 Headteachers, become an Academy and 2 new buildings have sprung up on the grounds with more to follow soon. The UK has seen 3 Prime Ministers, continued austerity and a divisive Brexit vote. Through all of this change the core Peel team has been resolute and I believe this has resulted in a cohesive, conducive working atmosphere, with our Year 11s securing the best GCSE results across the boarding houses for 3 years running. Long may it continue! Long live Peel Weekly!

PSA - QUIZ NIGHT

The PSA continue to run lots of excellent fundraising and social events, as well as running the onsite uniform re-shop and helping out in general at all College events.

So come and have a fun evening in the warm with teams of up to 8 people at the annual 'Chilli & Quiz Night'. This year the PSA are running a licensed bar with all proceeds going to benefit the students. We would appreciate your support, as always! Poster and details on the next page.
