

# Peel Weekly

ISSUE #157

## PROGRESS REPORTS

The Year 11 progress reports are available to view now on SchoolBase. Teachers and tutors will now be spending the next week or so covering key targets and tips for improving before mock exams. If you have any queries about the progress reports, please go to the tutor in the first instance.

Next up, Year 9 and Year 8 reports will be completed by teachers after half term, and available around the time of November exam.

## HALF TERM

This coming Friday 15th October marks the start of the first half term of the year. There will be no after school clubs on Friday either.

For day students - take home any kit bags, and please be collected before 5pm.

For boarders - parents should collect between 3:45-4:30pm, and must come in to Peel to sign out students. Boarders will be told what things to pack during the week by matrons.

Any questions, please contact the Peel email address.

## BOARDER NEWS

The year 11s are loving being in charge of Friday night entertainments at the moment, and went out of their way this week to organise a special 'Squid Games' inspired night of activities, including tug of

war, break the honeycomb and many other minigames. No one has been eliminated permanently thankfully....

On Saturday, to lightly coincide with a national holiday in Spain this week, we had a special Spanish themed meal in house with chorizo and pepper skewers, a fennel tortilla, seafood paella, but calamari seems to have been the runaway new favourite food on offer.

## PEEL PEOPLE

*Hello, I'm Mofe and in Year 13, and I was a Peel boarder from year 7 to year 11. This week I played in the 1st XV rugby match against The Leys school, starting at number 4. It's the National Cup, so its quite important. We dominated them in the first half winning the match by 3 tries to none. But we began to tire in the 2nd half, and let The Leys back in. They managed to get 3 tries in the short space of 10 minutes. So we were very much on the backfoot. Out of nowhere, a new year 12 named George scored an absolute wonder try, breaking the line in our half, sprinting through before turning the last man and scoring. From then, it was just hanging on until the end, and we kicked out to seal the win. We were all feeling the pain a little, and I injured my leg too but its recovered well. We're playing again this coming Wednesday at home against the Perse school. Hopefully we can get just as many students down to support us as we had this week.*

## PEEL POINTS

Peel students continue to rack up the points they are earning, to a very significant degree. This week, we will give special praise and mention to our top two boys and girls in the house. Well done to Callum M (Y7) and Monty P (Y8), and to Agatha T (Y7) and Yasmin M (Y8). All have at least 1145 points, and are well over the half way mark to earning their bronze awards (+250 points). Fingers crossed they can potentially get them before Christmas at this rate. In particularly excellent news, Agatha and Yasmin are actually in the top 5 students in the entire school for points!
