

Half Term Curiosity Challenge

Learn Something – Create Something

The Science department at Wymondham College challenge you to learn something and then create something to show what you've learnt. It could be a model, a video, a poem, a drawing, some food or anything else.

The only limit is your imagination

Use one of the resources below or find your own.

BBC iPlayer – suggested programmes

Secrets of Bones
Secrets of Skin
Earth from Space

Dynasties
Chemistry: A Volatile History

Future Learn – Massive Open Online Courses

<https://www.futurelearn.com/subjects/science-engineering-and-maths-courses>

YouTube Channels

Veritasium – General Science videos

<https://www.youtube.com/user/1veritasium>

Simone Giertz - Robot Builder

<https://www.youtube.com/channel/UC3KEoMzNz8eYnwBC34RaKCQ>

Physics Girl – lots of content about physics

<https://www.youtube.com/user/physicswoman>

Periodic Videos – all about the elements From the University of Nottingham

<https://www.youtube.com/user/periodicvideos>

Draw Curiosity – Content about Biology, Language, Maths and Psychology

https://www.youtube.com/channel/UCOs_jEnQF2ePJzjTgRtunA

The Royal Institution – Lots of high quality science lectures

<https://www.youtube.com/user/TheRoyalInstitution>

Submit your creations by Friday 5th June to Mr Dewhurst
(dewhurbe.staff@wymondhamcollege.org)

Two prizes (one for Y7/Y8, one for Y9/Y10)

+5 for all submissions
