Each subject will be listed with the name of each teacher

In Year 13 students' AS grades will be published if these have been sat

Students are graded in each subject against the College's 3 Core Values

Targets are given in line with DfE guidelines – they are an indicator of performance expectations in Year 13 final examinations

Each Assessment Point reflects current attainment in a recent piece of assessed work marked against A Level criteria and using previous year's grade boundaries.

Comments are given if students are assessed against the Core Values as Approaching or Developing – these are 'Even Better If' statements to help accelerate progress

Extended comments will be written by all subject staff on one of the four Progress Reviews; this is known as the Extended Progress Review
